Don't grieve for me, for now I'm free,
I'm following the path God laid for me.
I took His hand when I heard Him call,
I turned my back and left it all.
I could not stay another day,
To laugh, to love, to work or play.
Tasks left undone must stay that way,
I found that peace at the close of the day.

If my parting has left a void,
Then fill it with remembered joy.
A friendship shared, a laugh, a kiss,
Ah yes, these things I too will miss.
Be not burdened with times of sorrow,
I wish you the sunshine of tomorrow.
My life's been full, I've savored much,
Good friends, good times, a loved one's touch.
Perhaps my time seemed all too brief,
Don't lengthen it now with undue grief.
Lift up your heart and share with me,
God wanted me now, He set me free.

Jeff Biskup

St. Louis, MO

Occupation: Engineer

Favorite high school memory: Hanging out in senior hall "studying" with a lot of great people.

Since graduation: After HS, I worked as an air conditioning service guy, which I continued to do on the side while attending college. After a year working full time, I started college at SMSU Springfield Mo in 1974. Transferred to MU School of Engineering in Sept of '76 and graduated with a BSME in '79. Met my wife, Sara, in late 1980 and we were married 9 months later. Sara (Cramer) is a 1977 Hogan grad. She's still putting up with me.

In 1984, 2 partners and I started an engineering company now known as CRB (Clark, Richardson & Biskup). We started in a partner's basement in Liberty MO. That partner, my age, retired in 2001 and the other in 2010. I still work for CRB. In 1990 Sara and I, and our first two children (at the time one was 4 and the other 2 months) moved to St Louis to start the first branch office of CRB. Our 3rd child was born in St Louis. CRB now has 15 offices, including 1 in Basel Switzerland. We mostly work in the biotech and pharmaceutical industries.

Sara and I still live in St. Louis. However, we have a 2nd home in KC; we call it our 'lake house' minus the lake. We have three grown children; girl, boy, girl. One is married with a 3 year old, our granddaughter. That daughter, a brain cancer survivor, gave birth to our 2nd grandchild in 2018. I am still actively working for CRB and don't intend to retire for a while. I really enjoy my career. I played a lot of baseball/softball tournaments and indoor soccer for many years, till I got old. I'm still a Royals, Chiefs and MU fan, despite living in St Louis.

Retired after 20 years and married a wonderful medical doctor who gave me two PERFECT children. She has since passed. Now I'm putting my kids through school--in Orlando!

Mike Greene

1955 - 1977

I remember Mike was so musically talented. He had a quiet spirit and intelligence. Such a short life, but left his mark. (Terri (Gomez) Dory)

Mike was the first real musician I ever met. What a talent. I remember a retreat that we had at the convent next door to Hogan. I think it was freshman or sophomore year. We were supposed to be reflecting on life. Mike happened to find a piano, where he sat down and banged out the most remarkable solo piano version of "Classical Gas" you could imagine. I will never forget that, ever. His musical career was cut way too short. We buried Mike in a ceremony at a cemetery out south of Martin City. Mike was the first really close friend I lost. He was brilliant and talented; super smart.

Gone way too early. I can still see him banging out Classical Gas. (Jeff Biskup)

I remember Mike Greene as a very smart and witty guy. He was amazingly talented and had a wicked sense of humor. He was musically gifted, could play several instruments and even built a harpsichord. He had an ornery streak, but was a really nice guy. He had the bravado to smoke weed in the bathrooms at Hogan and also flushed an M-80 down a toilet (sorry Mike, busted!). He must have had a great memory to go along with his intelligence, because he always seemed to do very well on exams, but like the rest of us didn't study much. Sister Ann Margaret used to call me Mr. LaSage. One day in the lunchroom, Mike gave me the nickname Jesse LeSage. I still go by Jesse to this day by some of my friends. After high school he moved to Texas (Austin I believe) where he was playing fiddle in a band. He died in a car accident there and is buried in the Cleveland Mo cemetery. Mike was way more cool then most of us. Stay cool buddy. (Charles LePage)

David Haake

Occupation: Independent Sales Rep

Favorite high school memory: Meeting the love of my life.

Since graduation: I've spent the past 45 years creating a great family with Elaine. We have 3 kids and 8 grandkids (soon to be 9). I spend as much time as possible on our farm in the Ozarks and with the grandkids. I also still enjoy hunting. Oh yeah, and to do all of this, I spent my career in the pet field as a pet store owner, followed by a 25-year stint as a sales rep for Science Diet dog food. Following my retirement from Science Diet, I've been an independent sales rep. I plan to fully retire in 2019.

Mary (Haake) D'Antuono

Waukesha, WI

Occupation: High School Chemistry Teacher--Retired

Favorite high school memory: Mrs. Stevens, the guidance counselor, helping me get a scholarship.

Since graduation: After high school, I went to Rockhurst College and graduated with a degree in biology and education in 1977. I then went to graduate school and earned a degree in Zoology from So. Illinois U. in 1979. It was at SIU that I met my husband, Jim. We married in 1979 and moved to Minnesota for a year then on to Wisconsin when Jim got a job there. I started teaching biology at Waukesha South High School in 1981. I then earned a minor in Chemistry at Marquette, and taught Chemistry there since 1983. I retired from teaching in 2011, after 30 years in the classroom.

Currently, I am an adjunct instructor at Carroll University part time. I also work for ETS and the College Board, grading AP Chemistry exams. Jim retired from the Wisconsin Department of Natural Resources in 2015.

More importantly, Jim and I have 2 great sons, Tony and Marc. Tony is a metallurgical engineer and is married to Sarah, a med tech. They have one son, Vincent. Vinnie is, of course, adorable, and Jim and I are fortunate we get to babysit him several times a week. Marc is a mechanical engineer and is married to Lauren, a nurse. They were married last year, so no children yet, but we always have room in our hearts for more grandkids.

I am sorry I won't be able to come to the reunion this year. I will be in Salt Lake City grading AP Chem exams. I promised Elaine I would be there for the 50th reunion.

Tim Holderby

Kansas City, MO

Occupation: Journalist

Since graduation: Since Hogan I served in the Army and learned a trade (welding) and never used it. After the Army I went to Longview Community College and later transferred to MU. Gary Lofstrom was my roommate...he was a lot of fun. I met my future wife at Mizzou...she was a lot of fun (and still is). After MU I started working at KMBZ radio. Walt Bodine hired me after I interned for him. KMBZ carried the Royals on radio and it just so happens baseball went on strike that summer which meant there was going to be Walt Bodine on instead of baseball. Why does that matter? It prompted Walt to hire me. Then the station turned to news/talk and I became the managing editor. Yada, yada, yada...got a job at Ch.9 and worked there for 30 years in various

news management capacities. Which brings us to today. I retired from Ch.9 and a few months later Ch. 5 called and offered me a parttime job and I accepted.

Rosemary and I have been married for 36 years. We have two children (girls) and one grandchild with a second due in June.

I was a member of the St. Thomas More choir for 21 years. In 2001, the choir was selected from 300 choirs around the world to go to Rome and sing for the Pope at the Closing of the Holy Doors. This was such an honor.

I really enjoyed the 40th reunion and especially going to Hogan and seeing our old school. It brought back so many great memories. I look forward to seeing everyone again.

Charles LePage

Charles LePage

Blue Eye, MO

Occupation: Civil Engineer

Favorite high school memory: One day in the lunchroom with my buds, the late Mike Greene gave me a nickname "Jesse" that I go by to this day. Loved ditching school and going to IHOP and the Landing. Loved it when Hogan finally had decent football teams (thanks to those transfers from De La Salle). I especially am grateful for so many really nice classmates at Hogan. Okay there were a few a-holes, but they all grew up. At the time I didn't think so, but looking back the nuns were a hoot!

Since graduation: I feel like I have been blessed with the family and friends I have had through life. After years of partying, I finally settled down with a wonderful woman, my wife Jan, finished college, got into a great career and have 4 fantastic kids, Breann, Vincent, Louie & Charlie. I have two grandsons and two granddaughters. Lived in KC until 2013, when we moved south and now live on Table Rock Lake. I still come to KC regularly to visit family and for BBQ and the Blues. Marsha Lerenberg

Kansas City, MO

Occupation: Retired

Favorite high school memory: Having the amazing good fortune of going to high school with so many wonderful people and establishing friendships that have lasted all these years! Ok there's all that heartfelt sentimental stuff AND remembering Sister Ann Margaret's Biology classes & lectures. She would talk for so long without swallowing that spit would literally come flying out & God help you if you were on the front row. And who could forget her sex ed advice (?) warnings(?) obsession (?) with gems like "Girls are like irons, they heat up slowly but boys are like light switches, they turn on fast!" and "Girls, don't wear patent leather shoes because boys can see (the reflection) underneath your skirts!" Yep it's true and I know others will confirm. See you all June 8-9 to discuss this and other wacky memories!

Since graduation: Kinda hard to condense 45 yrs into a paragraph but this might also work if I'm ever on Wheel of Fortune ;-) A happily retired IT supervisor from Metropolitan Community College since 2013, Marsha lives in KCMO with her rescue dog Gracie. She has an awesome daughter, Caitlin, who lives in Santa Fe, NM with her husband Ryan and granddogs Gunther and Marcy and grandcats Bruce and Mercedes. When Marsha's not busy writing her bio for reunion websites, she enjoys hanging out with friends and family, cheering on the Royals, Chiefs, and Wichita State Shockers, and getting her groove on at Knuckleheads and other live music venues across the KC metro.

Brian Meyers

July 12th, 1955 - December 15th, 2015

It is with love and gratitude that we celebrate the well-lived life of Brian P. Meyers, age 60. This small space cannot possibly capture all of the adventure, hard work, love and good deeds that made his years on earth so extraordinary. Brian married the love of his life, Lauri Ann Gash, on May 31, 1980 and a family of their own soon followed. He lives on in the heart of his beloved wife Lauri, children, Sara, Jennifer and Michael and grandchildren, Max, Annabelle, Sullivan, Fletcher, Sadie, Peter and Milo. Brian's love and dedication to his family radiated from him. He expressed his love openly, joyfully and often. Brian's kindness reached well beyond his family and his trademark in life was helping those who were down. He gave hope to so many with his generous heart. He believed in selflessly giving to others and extending chances without judgement. He leaves behind the legacy of a life guided by the Golden Rule. We will find joy in recalling his laugh. Comfort in remembering his smile. And peace knowing he is watching over us. All of this and so many beautiful memories carry us forward. In lieu of sadness, please express your love to those you hold dear. (excerpted from remembrance in KC Star)

A tribute to Brian from Charles LePage

Mr. cool. What a gentle soul. He was one of the nicest dudes. I loved his voice and the way he talked, just made you feel comfortable to be around. Had not seen much except at reunions. One of the best!

Jim Miller

Raymore, MO

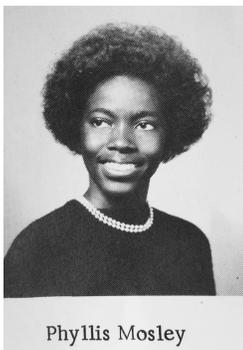

Occupation: Director of Business Development

Favorite high school memory: Playing football, the plays and friends

Since graduation: Spent first 10 years after graduating from Rockhurst College in marketing and sales in the entertainment and professional sports businesses. Then worked as a professional fundraiser for nonprofit organizations 15 years, which was too long. Joined DST Realty, as a senior relationship manager. For 15 years I was very involved in the revitalization of downtown KC, serving on many boards and commissions. Worked on many downtown initiatives. DST's culture changed and last June, Veolia Energy offered me the position of Director of Business Development. I market district energy - steam (hot air) and chilled water throughout downtown. Still serve on many boards. My wife, Kay (a music teacher), and I have been married 35 years, with 4 kids. Two daughters are

married, each have baby girls. Two sons, in mid 20's, out of school and with good jobs. Live on a small acreage, raising a few cattle, hogs and chickens. Garden. Planted a vineyard a few years ago, which keeps me plenty busy. Yes, we make wine and surprising to all, it is pretty darn good. Have been studying Italian, daily, for 5 years - competent, not fluent, yet. Took the family to Italy last summer - amazing trip. Was able to communicate with everyone, everywhere. Plan to return soon. Life has been good and I hope everyone has been equally as blessed, if not better. Ciao.

I am sorry we will not be in town for the reunion. We have plans to be out of state, at that time. Best wishes to all.

Currently I am living with my husband in Huntsville, AL and we are raising a 5 year old great-granddaughter (please pray for me!). About once or twice a year I walk with my sister (Patricia Mosley 75') in a marathon or 1/2 marathon somewhere in the country. Enjoyed the last reunion and look forward to the next.

Pat Nash

Springfield, MO

Occupation: Retired

Favorite high school memory: My favorite memory was playing sports - football, soccer and track but especially football. Friday nights under the lights. The crowds in the stands cheering us on, the feeling of excitement being on the field. The adrenaline flowing through our veins. The crisp fall air. Win or lose going out afterwards and having a good time with our friends. I think to this day I could tell you 90% of who played what position in the team.

Since graduation: I'm married to my beautiful wife Kimberley. I have 7 amazing children all together - 4 of my own and 3 step-children. I spent almost 35 years in the restaurant business, almost 20 years of that with Sonic Drive-In. Spent the last 12 years in the travel industry working for Marriott and

Wyndham World Wide. I've been blessed to have traveled to many wonderful locations. My wife and I both love to travel and are looking to do even more of that since I am now retired. I've had the honor of working on two reunion committees including our 45th and have totally enjoyed connecting with old friends and staying in touch with many of you. I have been truly blessed. Life is good and only getting better.

Looking forward to seeing old friends and reconnecting with you all. I hope to see you all for our best reunion ever.

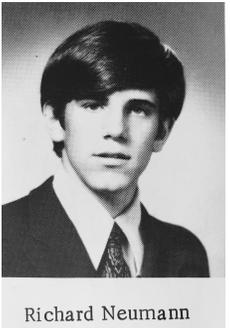

Beth (Neenan) Kelly Crittenden

Favorite high school memory: Technically, I'm not an official graduate of Hogan although I attended for 3 years. For my senior year, I transferred to Loretto High School and graduated there. But my fondest and silliest high school memories are with Hogan.

Since Graduation: I have been living in California since 1986. I still have lots of family in KC and surrounding areas so we do get back occasionally. Our daughter was married recently and we had a family reunion California style. My husband John and I are busy with work so we won't be able to make it to the reunion. Please give my best to all!

Gil Ornelas

A remembrance of Gil by Tina (Webb) Stewart

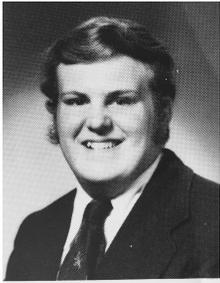

The memories I have of my friend, our classmate, Gil Ornelas are filled with his laughter, and most especially his smile.

From the very first day I met him at Our Lady of Good Council he somehow picked up on my being apprehensive. You see I didn't enroll there till our 5th grade year. Gil's kindness made me feel like I had been there since kindergarten. Our friendship grew and continued throughout our years at Bishop Hogan. He had a way of making me and others laugh during lunch with his stories about the infamous sophomore dissecting frog day. Personally I just wanted his secret ability to not get on Sister Mary Margaret's last nerve, but he'd just shrug his shoulders as if he didn't have a clue. I overheard her

telling him once he was the kind of student that she could count on. On the other hand she turned and announced to the others that her rosaries were getting worn thin because of our shenanigans.

After we graduated Gil and I continued our friendship. He was my confidant and we supported one another with encouragement when needed. Sometimes he just showed up at my door with a chocolate cake and I always asked him how did you know? He would just shrug those shoulders as if he didn't have a clue.

One afternoon I received a call from Gil. We talked for a very long time but as it sorrowfully turned out it was to be the last time I would hear my dear friends voice.

In the 20th reunion booklet she shared the following: "My favorite teacher was Sister Rita. She challenged the strength of my confictions, had a wonderful sense of humor and really made me feel special. My favorite memory was being 'bought' by Sister Rita in an auction and wearing a jailbird outfit for the day."

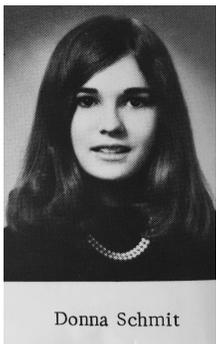

Charlie Schmid

Rest in Peace

Charlie Dawg. I wish I knew what happened to you. The last time I saw him, was when we both were driving taxi cabs, when I was going to school. Then, years later, I saw a small story in the news paper, that his family was looking for him. He was one of my best friends. Even though the official school class list, had thier own list, Charlie Shmid was funnniest guy in our class, and everyone knows it. He was kind to everyone, and he drove the teachers nuts. Does anyone know what happened to him? (Rich Wagner)

Charlie was definitely one of our coolest classmates. Best I could tell, he was good to everyone he met. I learned of Charlie's passing several years later and have always felt bad that I couldn't have been at a service to share stories about Charlie and what he meant to us. You're right Rich, Charlie was definitely a funny guy, and a pleasure to have known. I miss him. (Jeff Biskup)

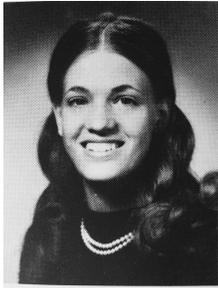

Donna (Schmit) Walsh

Lee's Summit, MO

Occupation: Banking

Favorite high school memory: Attending Sister Maggot's class and getting her "tips" on matters of sexuality. Besides being warned not to wear patent leather shoes that reflect a girl's underwear, we should never go on a date to a restaurant that has white tablecloths lest it remind the young man of bed sheets. Were we as Hogan girls so boring that our dates would want to go to sleep? Okay I get it.

Since graduation: Married high school sweetheart, Mark Walsh, and we have one child. Our son and daughter-in-law have given us two adorable grandchildren who keep us busy and make us laugh. I have enjoyed a long career in banking and trust and estate administration.

Tina Webb

Tina (Webb) Stewart

Kankakee, IL

Occupation: Retired

Favorite high school memory: There are so many of them however, the one that stands out the most was when Sister George spoke to us about being detained at the Berlin Wall.

Since graduation: Hello everyone! So excited about our reunion coming around but can't quite believe it is our 45th!

Instructions here indicate that we are to give one another a little bio or glimpse into what has transpired in our lives the past 45 years. I think that would take a lot longer than a paragraph or two.

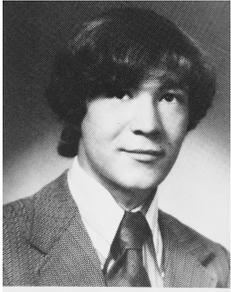

I guess I could start with my pride and joys. I was an only child who was blessed with 4 amazing individuals who have in turn made me a grandmother to 7 and one expected.

I am single now, and happily enjoying this phase of my life, and what God has in store for my next chapter. Speaking of next chapters I hope to finish a book that I have been working on for awhile now...Aspiring author? Best seller list? Not quite .. I will be ecstatic and hope my words will simply touch at least one person. Oh and grateful if it stays off the half off table the first week ...

My career choices have always brought me back to what I hold dear and love, and that would be working in the education field with kiddos who think out of the box....My very last â

Grandchildren? Yes 7, and soon to be one more.

Hidden Talent: Solving mysteries very quickly.
